 **BRITISHOP WHOLESALE**

Erdinger Weißbier

500 ml

This classic wheat beer blends gently spicy malt aromas with mildly bitter hops. Its secret lies in our unique ERDINGER brewing yeasts. They provide the fruity notes and unmistakably fresh flavour. The finishing touch for every ERDINGER Weißbier is a further specialty: the “Bayerische Edelreifung” or double maturity method. After the main fermentation process, we give our beer the time it needs to mature a second time in the bottle. And we are happy to give it this time. Because this allows its delicious lively nature and the harmonious interplay of its various aromas to fully unfold.

ERDINGER Weißbier with fine yeast, the crowning glory of traditional Bavarian brewing skills. With its elegant flavour, this wheat beer is like no other. Every sip leaves you wanting more.

Brewed according to the Bavarian Purity Law.

 **BRITISHOP WHOLESALE**

Erdinger Dark

500 ml

A specialty for connoisseurs.

This wheat beer is calm and confident. Strong, dark and exceptionally harmonious. The first sip reveals a symphony of carefully selected dark wheat and barley malts. Together with their refined roasting aromas, they give this wheat beer its strong character. Lively carbonic acid plays on the tongue and ERDINGER's traditional yeast adds its top-fermenting note. What makes this full-bodied specialty go down so easily? It's the balance between malt notes with their touch of sweetness and a pleasantly refreshing finish that reverberates long on the palate.

Lovers of strong aromas appreciate ERDINGER Dunkel as a genuine specialty.

“Bayerische Edelreifung” – for perfect enjoyment.

Brewed according to the Bavarian Purity Law.

Bitter Truth Pink Gin

Pink Gin

The Original Pink Gin infused with Bitters

The tradition of blending gin and bitters was first established by members of the Royal Navy to cure seasickness, and Pink Gin started life as a seafarers breakfast, drunk to rally a man against the wiles of the ocean. The Bitter Truth Pink Gin is a delicious blend of traditionally crafted gin and a blend of bitters. This minx is not just a common gin with a fake tan; it's a sophisticated metrosexual in a salmon jumper.

It begins with a Mediterranean bouquet on the nose, with aromatic juniper, fresh lemons, and warm spices.

Wonderfully gentle in the mouth, juniper berries are still at the helm, but these notes are supported by a crew of fresh spice flavors like licorice, caraway, and fennel, which cruise to a smooth whirlpool finish.

The Bitter Truth Pink Gin was created to please the taste of modern gin drinkers with a soft and gentle mouthfeel and fine complex flavors. It is best used on its own, as a Gin & Tonic, in your favorite Martini Cocktail or in any other gin-based cocktail.

Bitter Truth Elderflower Liqueur

Elderflower Liqueur

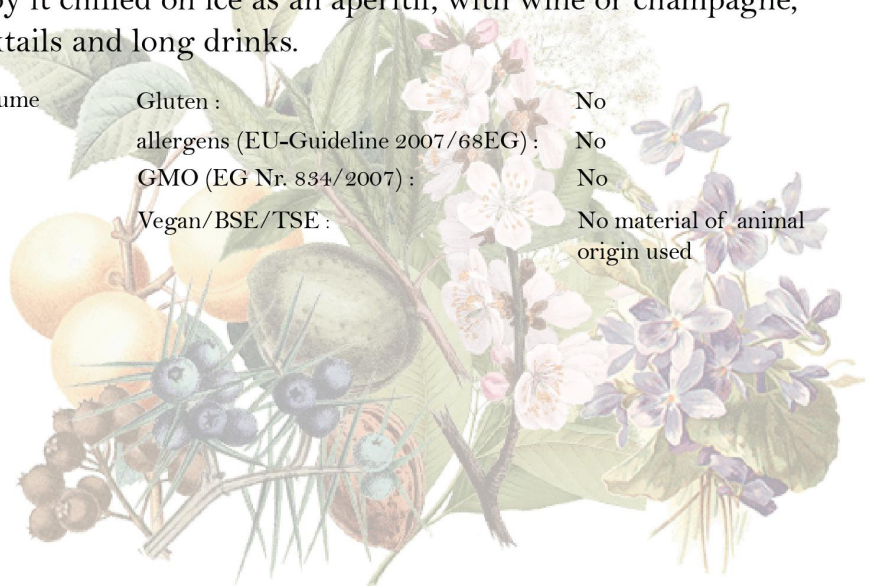

An aperitif style summer Liqueur

The Bitter Truth Elderflower Liqueur twinkles in the glass, like starlight on hay bales, while the fresh flowered scent tickles the nose, sending you straight back to summer days romping about in the English countryside.

While elderflower blossom is your first kiss on the tongue, fruit notes like quince and white grape support the fête of light herbs and spices that slide in and mix with honey sweetness to make this a complex drink worthy of a country squire's picnic.

The Bitter Truth Elderflower Liqueur combines the characteristics of a spiced aperitif wine and a natural floral liqueur. Enjoy it chilled on ice as an aperitif, with wine or champagne, and of course, in numerous cocktails and long drinks.

Bitter Truth Apricot Brand

Bitter Truth Apricot Brandy

Apricot Liqueur

A fresh and delicate Fruit Liqueur

The Bitter Truth Apricot Liqueur combines the juice of sun-ripened apricots with an apricot schnapps that was distilled from the same fruit and just the right amount of sugar.

Imagine fresh, plump, dewy, yellow-skinned apricots. This apricot liqueur has a sweet lightness from the juice and a smidgen of almond on the nose. While on the palate, a creamy dried apricot flavor cuts in first, interrupted by the caramel biscotti mid-palate and rounding off with hot stewed apricots once more.

The distinctive fruitiness and reduced sugar content of The Bitter Truth Apricot Liqueur are captivating. It is expressive and indispensable in many classic and modern cocktail recipes. Tantalize your taste buds and mix it with wine or champagne, in a cocktail or over ice, and it'll be just what the doctor ordered.

The Bitter Truth Chocolate Bitter

Bitter Truth Apricot Brandy

Chocolate Bitters

A Modern Style of Aromatic Bitters

Tall, dark and yes, somewhat handsome, most definitely rich and original: New bitters for a new era of cocktails!

The Bitter Truth Chocolate Bitters blur the lines between old world bitters and new world flavors. Deep chocolate notes are supported by classic bitter flavors and accented with a hint of spice. Cocoa butter and dark chocolate seduce the nose. Hints of vanilla, cinnamon, and bitter tones of gentian and wormwood are elicited on the palate.

The Bitter Truth Chocolate Bitters play exceptionally well with sweet vermouths and all kinds of aged spirits like whiskey, rum, tequila, and brandy. Add a dash to a Manhattan or Negroni to start exploring its complex flavor or use in a Tequila Old Fashioned to bring forward the spirit's vegetal attributes.

The Bitter Truth Chocolate Bitter

The Bitter Truth Aromatic Bitter

Old Time Aromatic Bitters

The Classic Aromatic Bitters

Aromatic bitters are the most classic of all bitters going back to the late 18th-century. They are by far the most widely used bitters since the early days of bartending and play a significant role in the history of cocktails. The Old Fashioned or the Manhattan Cocktail wouldn't have been the same without a few dashes of aromatic bitters.

The Bitter Truth Old Time Aromatic Bitters are unsurpassed in the complexity of flavor with spices such as cinnamon, cardamom, and anise permeate prominently. The aroma is full of clove and heady with gingerbread combined with the more subtle tutti-frutti notes.

As authentic as a brown leather chesterfield, The Bitter Truth Old Time Aromatic Bitters will add a nice kick to your punch. You can mix this little pugilist in with any wood aged spirit, adding structure and complexity to cocktails.

The Bitter Truth Creole Bitters 200ml

The Bitter Truth Creole Bitters 200ml

Creole equals flavorful, and these bitters are as unique as the culture it encapsulates. These bitters smell like a kitchen in the French Quarter. The Bitter Truth Creole Bitters are reminiscent of a style of bitters dating back to an era before cocktails even existed. Back then, bitters were made by doctors and apothecaries, primarily for the use in liquid tonics and then eventually as an ingredient in alcoholic beverages.

The Bitter Truth Creole Bitters reflect the Creole way of life with all its beautiful complexity and spiciness. With the first taste, cayenne and pink peppercorns emerge, supported by anise, big red cinnamon, dusky caraway, and fennel seed. Fruit scents of dried apricots, cherries, and cranberries are mingling with the strong flavors of anise, smoked paprika, and hints of smoldering pine wood.

The vintage metallic label is hiding fiery anise, cherry red-colored liquid. Try it in your favorite Manhattan, Old Fashioned, French 75, or for that matter, any drink that could do with perking up. Put on a brass band march and get your feet moving!

Ouzo Tsantali

700ml.
